INSTALLATION PICTURES

Step 1: Refer to Part List to check if all hard ware are included.

Step 2: Firstly, according to the installation diagram of the car code, distinguish between the car code (left) and the car code (right), and then place them together with the fasteners in the corresponding positions to improve your installation speed.

Step 3: Refer to the schematic diagram and screw on the vehicle code using standard parts, but do not tighten the screws yet.
(The installation method for the left/right car code is the same)

Step 4: Check if all hard ware are installed and then fasten all to complete the installation.

Step 5: Easy Install refer Pic
