Installation Steps

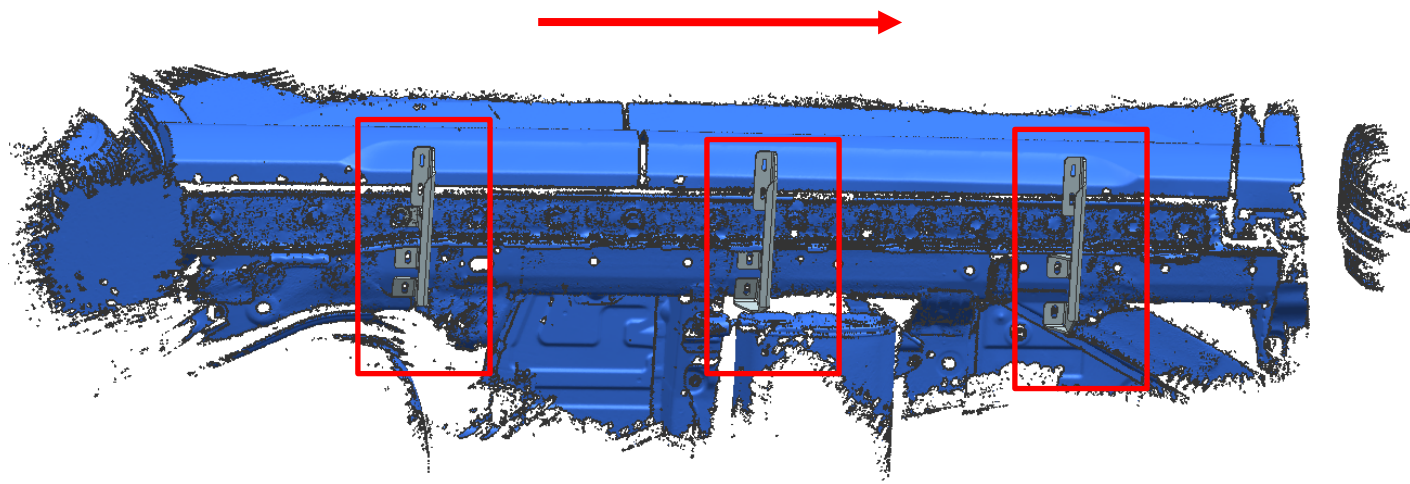

Installing picture

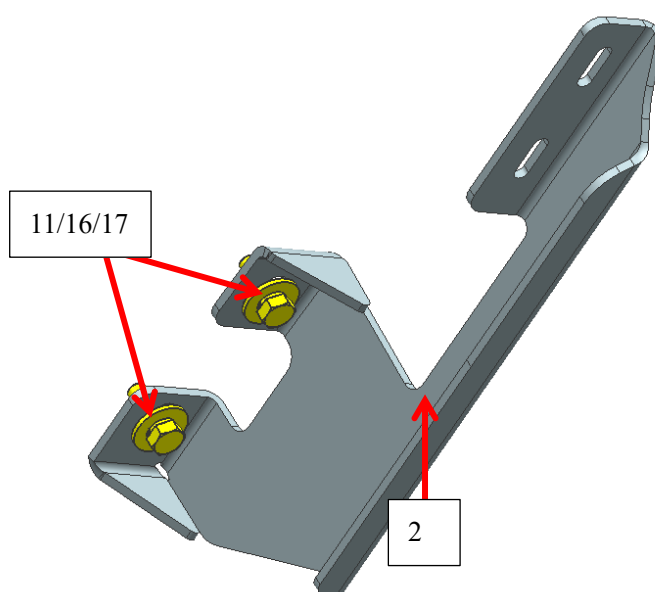

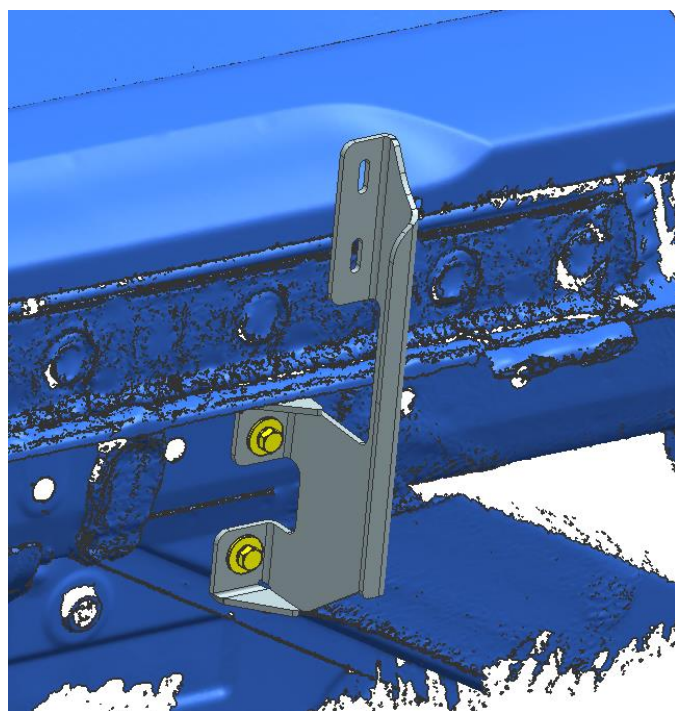

Step 1: Verify all parts are present.

Step 2: Find the brackets mounting point on the right side of the chassis, and use the corresponding standard parts to install the Passenger/Right Side Front Mounting Bracket, Passenger/Right Side Center Mounting Bracket, and Passenger/Right Side Rear Mounting Bracket onto the chassis. Symmetrically installed on the left side.

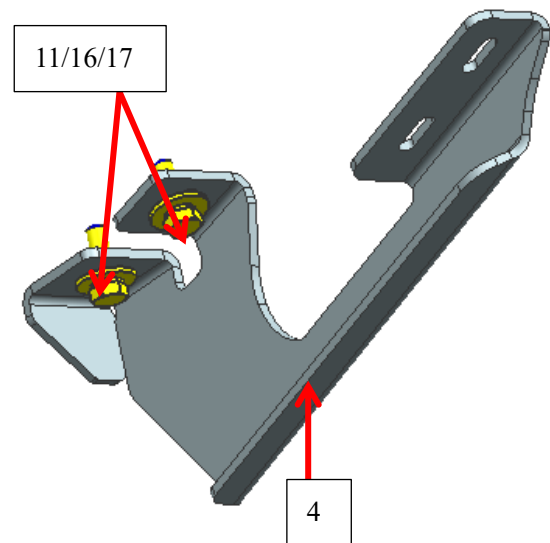

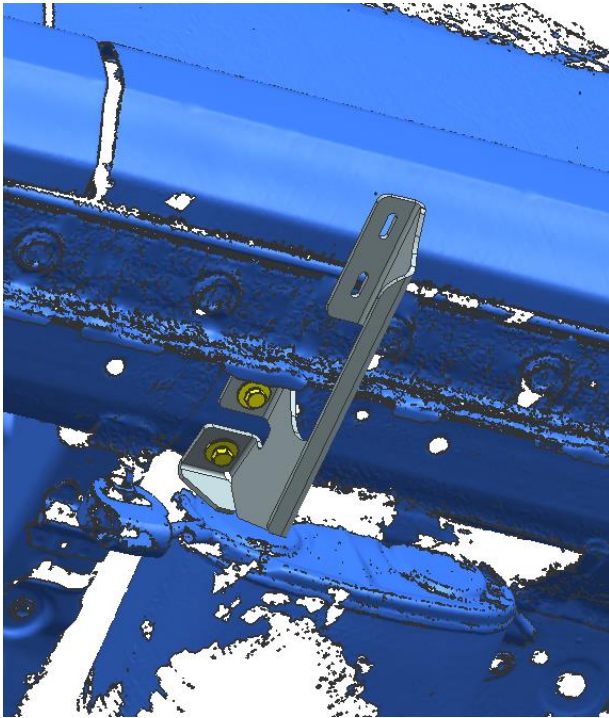

Front

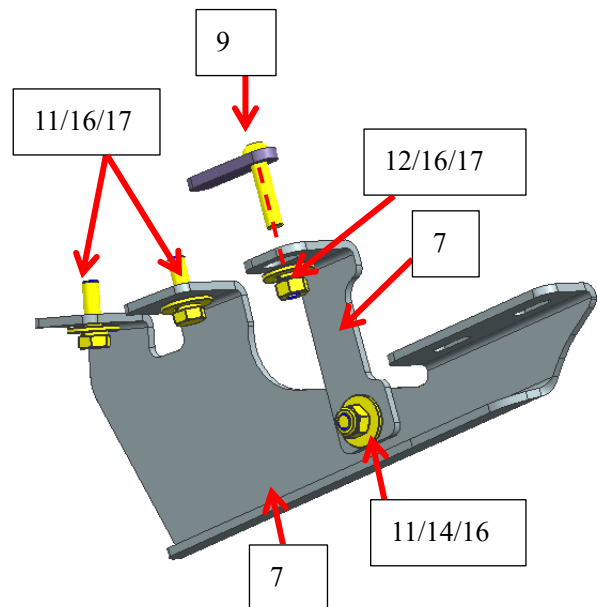

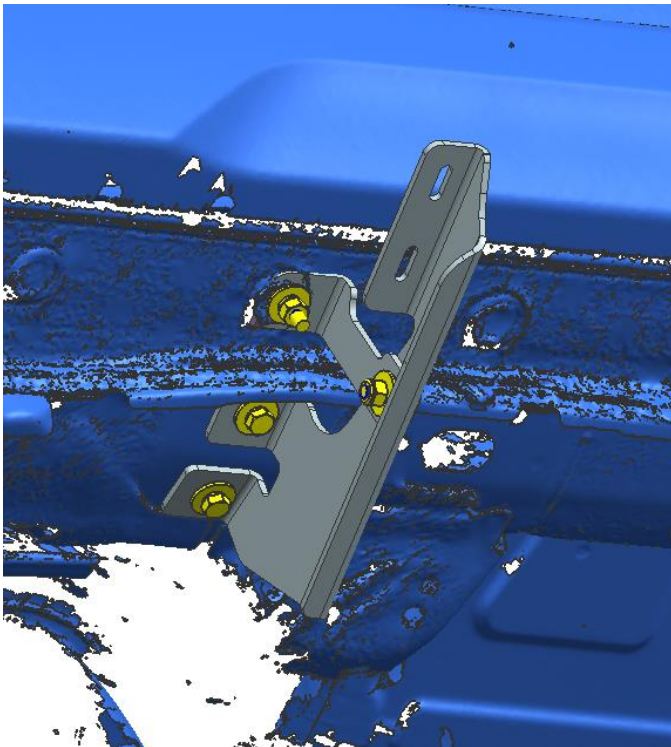

Passenger/Right Side Front Mounting Bracket:

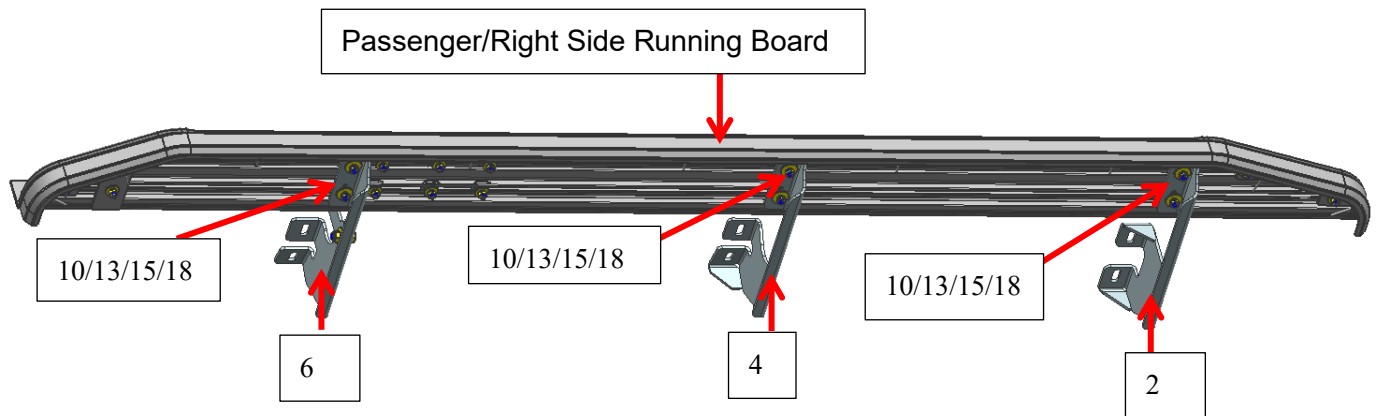

Passenger/Right Side Center Mounting Bracket:

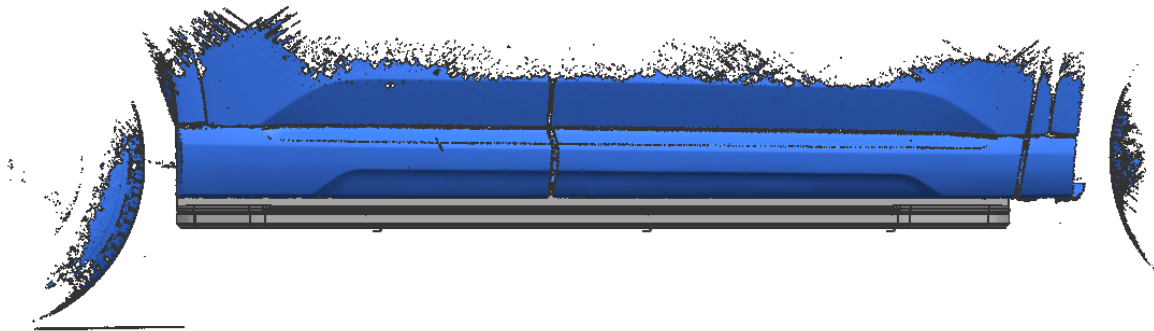

Passenger/Right Side Rear Mounting Bracket and Passenger/Right Side Support Bracket:

Step 3: Place the Passenger/Right Side Running Board on the installation surface of the passenger/right side front/center/rear brackets, and use standard parts to lock the running board with the brackets. Install the Driver/Left Side Running Board symmetrically.

Complete installation:

NOTE

Any damages and losses caused by improper installation and application, goes beyond our quality warranty.
